

WARDROBE DOORS

4200 SERIES WHITE WITH SERATONE POLAR GLOSS INFILL

4200 SERIES FRAMED WITH PAINTED GIB INFILL

4200 SERIES SLIDING DOORS

The 4200 Series is a modern, compact, bottom rolling wardrobe and internal door system designed to maximise access to storage space especially where triple door applications are preferred. Melteca or Seratone infill can be combined with mid rails to produce modern, attractive door panels. Traditional infill such as painted Gib-Board or safety Mirror can be used to blend with room décor. Door frames can be custom-made in a variety of powder-coat or anodised colours.

SPECIFICATIONS

Max Height: 2400mm
 Max Panel Width: 1200mm
 Panel Options: Single, Two, Three or Four
 Mid Rail Option: 30mm
 Infill: Mirror, Gib, Melteca, Seratone
 Colours: Standard Colour Selection: Powder-Coated Pearl White, Off-White, Anodised Satin Silver. All other colours custom-made to order

INTERIOR DOORS

350 series satin anodised with etchlite toughened glass infill

350 series satin anodised with melteca 18mm lite cherry infill

350 SERIES SLIDING DOORS

Juralco 350 Series Architectural Internal Door Systems have been designed to meet future design trends in the home or apartment.

As an Internal Room Divider, the 350 Series revolutionises the way we consider space. Internal Doors are no longer an element of division - but of transition. Toughened glass panels allow light to flow through modifying surfaces and rooms.

As a Wardrobe Door the 350 Series allows efficient access to storage space while also becoming a furnishing element, enhancing the overall look and feel of a bedroom.

Top hung or bottom mounted on tracks and custom made in a wide variety of powder-coat or anodised colours, the 350 Series versatility allows architects to achieve everything from simple minimalist doors to heavily structured panel designs.
